"A THING OF BEAUTY IS
A JOY FOREVER."

ARTISAN MADE

Since our beginning in 1875, Gladding, McBean artisans have created works of art for buildings and homes throughout the world. Historical landmarks such as Carnegie Hall and the Getty's Museum, proudly display fine examples of our craft.

Our pottery is individually hand formed and glazed by one of our talented and skilled artisans. The result is a true piece of history created to own, cherish and pass down through generations. From fountains and planters to sculpture and decor, each item contains a wealth of beautiful detail. In addition to the large selection of designs, we also offer twenty-three gorgeous glaze colors, ensuring you will find the right statement piece to complement any design, indoors or out.

GLAZES

In addition to a wide range of designs, we offer twenty-three gorgeous glazes, ranging from simple neutrals to robust jewel like colors. Minor variations and imperfections such as pinholes known as kiln kisses and crazing in some of our glazes enhance our pottery's uniqueness and character and in no way affect the durability of our fine product.

Antique White

Daffodil

White Ermine

Harvest

Limestone

Celadon

Sandstone

Watermelon Rind

Limeade

Caribbean

Pomegranate

Graystone

Antique Green

Pacific

Cavern Clay

Graphite

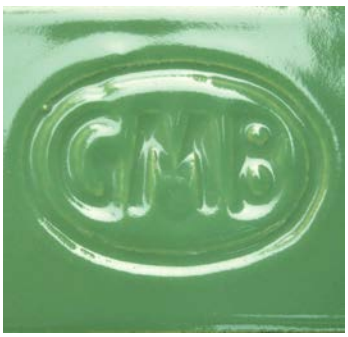
Eggplant

Black Tuxedo



Laguna

Toffee

Bronze

NOTE: Printed colors shown in this brochure may vary from actual product colors. We recommend selecting colors from actual product samples.

HOW TO ORDER

Because each piece of Gladding, McBean architectural pottery is hand formed and glazed, they are created on an order by order basis. There is no stock inventory. Our fine handmade product is on display at, and may be ordered directly from any of our official dealers. To find a dealer near you, please visit us online at www.gladdingmcbean.com or call 1- 800-964-2529.
When placing an order, please be sure to specify the following:

1. Style - Select your design style by item number.
2. Color - Choose your glaze color. Glaze samples are available upon request.
3. Finish - Request the need for drain holes and the appropriate saucer size if needed. Please ask for current lead time.
